# Remove unpleasant odours...

## OZ1000 & OZ2000

not only removes the odour from the air, but also the odour that may remain in fabrics etc...

*EU Environmental Award for Cleaner Technology*

**JIMCO A/S** specialises in the removal of nuisance odours using patented UV-C & OZONE technology.

- Using this technology any number of nuisance odours are eliminated and the risk of transferring infectious diseases is reduced.

OZ 1000 & OZ 2000 not only removes the odour from the air, but also the odour that may remain in carpets, curtains, walls etc.

### Poor indoor climate

Poor indoor climate in rooms where people are present affects their quality of life and health negatively. It may be malodour from garbage, mould fungus, cigarettes, industrial processes etc.

Bad smell may itself cause discomfort, but indoor air pollution is also the source of headaches, respiratory problems, fatigue, muscle tension, asthma, allergy, dry mucous membrane and eye irritation. All these problems affect people's working ability and concentration.

**Eliminates  
mould fungus  
up to 99,9%**

### Odours can be hard to eliminate

Even in a well ventilated room it may be difficult to remove nuisance odours .

With OZ 1000 & OZ 2000 you can permanently solve any kind of odour problems without using chemicals. Unless the source of the odour is still present, the odour will not return,

### Easy to install!

OZ 1000 & OZ 2000 should be installed high in the room – on a bookshelf, wall or ceiling.

### Warning !!!

**People or animals must not be present in the room or area being treated with OZ 1000 & OZ 2000.**

### The OZ 1000 & OZ 2000 are both a good investment...

It is an investment in better personal well-being, better efficiency, increased job satisfaction and less absence due to illness.

**JIMCO A/S is a recipient of the  
EU Environmental Award 2000  
for Cleaner Technology**

### Advantages:

- ▶ Clean physical process without chemicals
- ▶ Advantageous compared to filter techniques
- ▶ No negative environmental impact
- ▶ Minimum power consumption
- ▶ High operational security
- ▶ Demands minimum maintenance
- ▶ Easy to install
- ▶ Small investment
- ▶ Easy to move

### Technical Data: OZ1000 & OZ2000

▶ UV-lamps:	1x16 W	2x16 W
▶ Operating hours (lamps)	8000	8000
▶ Voltage	230 V	230 V
▶ Power consumption	30 W	60 W
▶ Recommended room area	125 m <sup>3</sup>	250 m <sup>3</sup>
▶ Finish:	Stainless steel & coated	
▶ Length:	430 mm	
▶ Width:	130 mm	
▶ Height	130 mm
